About Us

Sun Yachting Luxury Yachts & Villas specializes in Luxury Yacht Charters, Private Day Cruises and Exclusive Accommodation in Villas so our guests will enjoy a complete VIP Experience.

The cooperation we have established with valuable and trustful partners, leads to our success.

Introduction

Sun Yachting was founded in 1978 by Ioanna Petala, in Athens where is located until now. Her passion, vision and initiative guided to a big development of the company operating with great success up to now in bareboat and skippered charters all over Greece.

When Eleni Petala stepped into the company as second generation, realized that there is an important part of potential clients out there, seeking for premium luxury holiday services.

Offering luxury holiday experiences became her vision and therefore she put all her energy and passion on creating the Crewed Yachts Charter Department of the company. She learned from people with deep experience, she studied, she made a lot of market research and she engaged herself deeply with what became at the end company's slogan: "Our guest is our value".

Sun Yachting can now offer an impressive fleet for all personalities and tastes coming from a thorough investigation as well as two exclusive villas and can value and meet guests' wishes for a memorable luxury holiday experience.

Our vision

To be one of the most trustful, efficient and action oriented company while building meaningful relationships with clients.

To build a place of deep knowledge, where people will discover anything they would like to know regarding Luxury Yachting in Greece.
